

OrionFLEX LED IP20 3000K 4.8W/M 5M 24W

99011

99011

The OrionFLEX LED is a IP20 rated, 24V warm white LED flexible strip light, which is easy to install due to the 3M self-adhesive backing. The OrionFLEX LED produces 4.8W with 60 LED's per metre making this very energy efficient. With the OrionFLEX LED you can create any shape you want, thanks to the special design of ØÇ£S shapeØÇØ of the PCB. Perfect for illuminated signs or other special applications where very flexible LED lighting is needed. You can cut the tape every 3 LEDs and reconnected as required. Supplied on a 5M reel. Accessories sold separately.
