The Nickel Silver Range

Nickel Silver first became popular in the 19th century due to its similarity to Sterling Silver and was commonly used for various decorative items around the home.

It has a permanent mirrored finish which creates a contemporary luxurious appearance which is warmer than chrome, making it more suitable for living areas either traditional or modern.

Available in:

Dolly Switch
Rotary Dimmer
Button Dimmer
Rocker Switch

A full range of socket outlets are available, including power outlets, European sockets, telecom and data, audio and visual, fused connection and floor sockets.
