If you are exercising your right to change your mind under the cooling-off period, we may reduce your refund to reflect any reduction in the value of the Goods if that reduction has been caused by your handling of the Goods in a way that would not be permitted in a shop. If We issue the refund before inspecting the Goods and subsequently discover that you have handled them in this way, we may charge you an appropriate sum.

Standard delivery charges (i.e. the cheapest option available for your Order) will be refunded, but we do not reimburse premium delivery charges. All refunds due to you will be made using the same method used by you when paying for the Goods.
